KA+

Ford KA+ Zetec in optional Moondust Silver metallic body colour, privacy glass, Driver Assistance Pack and standard 15" 5x2-spoke alloy wheels.
Please note After April 2017, Moondust Silver is replacing Ingot Silver.

Make life easy.

Scan the code
for a 360°
exterior view.

The Ford KA+ is one of life's easier choices. Packed with remarkable technologies, our new compact car looks and feels much larger than it really is.

Ford KA+ Zetec in optional Ruby Red premium metallic body colour, privacy glass, Driver Assistance Pack and standard 15" 5x2-spoke alloy wheels.

Easy to take your friends.

Visit the Ford YouTube channel to see the Ford KA+ in action.

The Ford KA+ is surprisingly spacious for a compact car. Offering generous shoulder width across the back seat and ample legroom, three passengers can sit in the back comfortably.

Easy to stand out.

Black and white or white and black? Whichever you prefer, you'll stand out with this stunning combination in Shadow Black and Oxford White. The new Black & White's eye-catching details include contrasting door mirror caps and special 15" 5x2-spoke alloy wheels.

Please note after March 2017, Shadow Black is replacing Tuxedo Black.

➤ Rear parking distance sensors

Easy to reverse into a parking spot.

With the Ford KA+, you won't have to pass by those more challenging parking spaces. An audible warning helps you safely judge the distance between your car and obstacles at the back, for easier parking and manoeuvring. (Option)

➤ Ford SYNC
*Easy to keep both
hands on the
wheel.*

Ford SYNC lets you play music and make and receive hands-free calls – all with simple voice commands. With SYNC AppLink you can even control apps* on your smartphone using voice commands. (Standard on Zetec)

*Compatible mobile phone required. SYNC AppLink is not supported by all European languages.

➤ MyFord Dock
**Easy to store and
charge your phone.**

MyFord Dock is designed to hold your smartphone, MP3 player or navigation device within easy reach. The lidded storage compartment provides covered storage and you can stream your music through the car's speakers via Bluetooth® or a USB cable. (Standard on Studio)

> MyKey®
**Easy to lend your
KA+.**

MyKey® lets you tailor your car settings to suit individual users. These settings allow you to set speed limit reminders, as well as specify vehicle speed and audio volume limits, and prevent important driver assistance features from being switched-off. MyKey® settings are automatically activated each time MyKey® is used. (Standard on Zetec)

➤ **Electronic Automatic Temperature Control (EATC)**

Easy to stay cool (or cosy).

No need to keep fiddling with the controls. EATC maintains the precise temperature you select for air-conditioned or heated comfort. (Option on Zetec)

Sd Studio

● Standard exterior features

- 15" steel wheels with 8X2 spoke wheel covers
- Power-adjustable door mirrors
- Full chrome grille
- Hill Start Assist
- Front fog lights
- Daytime running lights

● Standard interior features

- Audio system with Bluetooth® connectivity
- 60:40 split rear seats
- Electronically-operated front windows
- Trip computer
- Front floor mats
- MyFord Dock
- Speed Limiter
- Perimeter Alarm

● Engine

- 1.2 Ti-VCT 70 PS (51 kW)

Zt Zetec

● Standard exterior feature in addition to Studio

- 15" 5x2-spoke alloy wheels

● Standard interior features in addition to Studio

- Leather-trimmed steering wheel
- Steering wheel radio toggle controls
- Cruise control including Speed Limiter
- Air conditioning
- MyKey®
- Ford CD with Ford SYNC, Voice Control System and AppLink

● Engine

- 1.2 Ti-VCT 85 PS (63 kW)

Scan the code for a 360° interior view.

Black & White

● Standard exterior features in addition to Zetec

- Special 15" 5x2-spoke alloy wheels
- Contrasting combination in Shadow Black / Oxford White
- Mirror caps to match roof colour
- Rear privacy glass

● Engine

- 1.19 Ti-VCT 85 PS (63 kW)

Power-foldable heated door mirrors

Ideal for quickly clearing frost and squeezing into tight parking spaces.

Zt B

Heated front seats

For those cold days, nothing is better than the luxury of heated front seats.

Zt B

Hill Start Assist

After releasing the brake pedal when stationary, the system keeps the wheels braked, leaving you enough time to move your foot from the brake pedal to the accelerator without the car rolling backwards.

Privacy glass

Not only does privacy glass make it difficult for prying eyes to see into your KA+, but the tinted glass also helps keep the interior cooler on hot days.

Zt B

Leather-trimmed steering wheel

Add extra luxury to the interior with this fine grain leather-trimmed steering wheel.

Zt B

Cruise control

Your KA+ will maintain the speed you set via the steering wheel controls until you choose to override it.

Zt B

We chose Deep Impact Blue. What will you choose?

The Ford KA+ owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your KA+ will retain its good looks for many years to come.

You can change KA+ colours instantly on the configurator at

Electronic Automatic Temperature Control

How it works

- Once set, the system continually monitors interior temperature
- Filtered air is emitted to ensure the set temperature is precisely maintained

How it helps you

- Simply set and go
- System remembers your last set temperature
- No need to keep fiddling with controls to maintain your ideal interior temperature

- Standard
- Optional, at extra cost
- Part of an option pack, at extra cost

- Option Packs**
- Driver Assistance Pack – Rear distance parking sensors, rear electrically-operated windows, and electrically-operated foldable heated door mirrors with body colour housings
 - Smokers Pack – Removable ashtray and cigar lighter

Rear parking distance sensors

How it works

- Selecting reverse gear activates sensors in the rear bumper
- These sensors detect solid and non-solid objects in proximity to the rear of the car
- The sensors are linked to a small speaker that emits audible beeps as the car moves towards objects
- The beeps become more frequent as the car comes closer to the objects
- A continuous beep indicates the rear of the car is extremely close to the object

How it helps you

- Makes you aware of obstacles and their proximity when you reverse
- Enables you to easily park within 30 cm of an object
- Reduces the risk of dents, scrapes and minor damage, and resultant insurance claims and repair costs
- Preserves your car's residual value

Xvision[®] Park Distance Control

An audible warning helps you to safely judge front parking distances. (Accessory)

Roadside assistance

Be prepared for the unexpected with safety equipment from Ford (warning triangle, safety vest, gloves, first aid kit). Also available are a fire extinguisher, towing rope and jump leads. (Accessory)

Britax Römer[®] child seat

The safest way for a child to travel is on the rear seat, in a specially-designed child safety seat. Various models, also with ISOFIX for additional safety, available for all weights (for babies and toddlers up to 35 kg). (Accessory)

ClimAir[®] wind deflectors

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

Load compartment tray

Durable tray, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Mudflaps

Contoured mudflaps protect the bodywork from stone chips and help to keep your KA+ clean by reducing road spray. Available as a set for front and rear. (Accessory)

All-weather floor mats

The tray-style all-weather floor mats with KA+ nameplate are tailor-made to fit perfectly and protect against dirt and damp. Securely fixed directly onto the vehicle's floor, the mat cannot slip and interfere with the pedals. (Accessory)

Use the configurator to build your perfect Ford KA+ at 

Trip computer

Provides important information about your mileage, fuel consumption, speed and outside air temperature. It also includes 'distance to empty': approximately how far you can go on the fuel left in the tank.

Audio and communication systems

Radio, AM/FM dual tuner radio, mini overhead console with microphone, device dock with USB, Bluetooth® connectivity, AUX jack and four speakers
 Radio/CD with DAB, single CD, AM/FM tuner radio, 4.2" colour MFD screen, Ford SYNC, mini overhead console with microphone, iPod and Bluetooth® connectivity, MyKey®, Voice Control and four speakers

	Studio	Zetec	Black & White Edition
Audio and communication systems	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

AM/FM radio with MyFord Dock

- USB and Bluetooth® connectivity
- AUX jack
- Four speakers

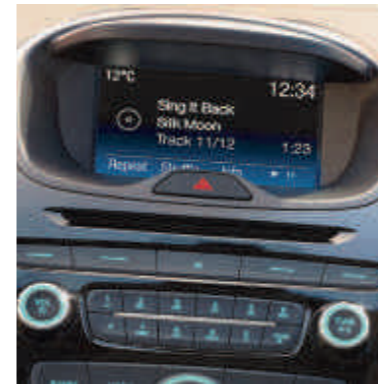

DAB radio/CD with Ford SYNC

- 4.2" colour screen
- iPod® and Bluetooth® connectivity
- SYNC AppLink
- Voice Control System
- MyKey®
- Emergency Assistance†
- Four speakers

Ford SYNC

How it works

- Ford's enhanced in-car connectivity system lets you play music and make and receive hands-free calls – all with simple voice commands
- With SYNC AppLink you can also control apps* on your smartphone using voice commands
- Ford Emergency Assistance† is a feature developed as part of SYNC. In the event of an accident it supplies the emergency services with vehicle location information in their own language

Voice activated entertainment

Pair your mobile phone with SYNC and you can use voice commands to select music. Press the VOICE button on your steering wheel and you can say, for example, "Play artist Adele", or choose a particular track.

Voice activated phone calls

To make a call with SYNC, press the VOICE button and, when prompted, speak the name of your contact as it's written in your phone. You can also speak a number and SYNC will call it for you. SYNC will also alert you when a text message arrives. You can get SYNC to read it out by pressing the LISTEN button.

*Compatible mobile phone required. You can browse a list of AppLink-compatible apps from your regional Ford website, or via the Ford App Catalog available in iOS and Android stores. SYNC AppLink is not supported by all European languages.

†Ford Emergency Assistance operates in over 40 European countries. This feature works when paired with a compatible connected mobile phone that is with you and switched on when an airbag is deployed or a sensor that registers a crash deactivates the fuel pump. Emergency Assistance is not supported by all European languages. See your local Ford website for latest information.

AppLink

Certain apps, such as Spotify, are enabled to work with SYNC. You can use several commands to control the apps*. In Spotify, for example, say "Choose playlist," followed by the name of the playlist, and Spotify starts playing while displaying the name of the track on the SYNC display.

How it helps you

- Using just your voice for all these functions enables you to keep both hands on the wheel, and to concentrate on a safer driving experience
- SYNC can alert you when you receive a text message, and you can even ask the system to read it aloud to you
- Ford Emergency Assistance† can enable the emergency services to reach you faster, which can be critical in some situations

- Standard
- Optional, at extra cost
- Part of an option pack, at extra cost

MyFord Dock

How it works

- Securely holds smartphones, satnavs and MP3 players
- Connects these electronic devices with the car's entertainment system
- Streams music through the car's speakers via Bluetooth® or a USB cable

How it helps you

- Mounted on your dashboard
- One simple solution to store, secure and charge your smartphone, satnav or MP3 player
- Provides covered storage when not in use

	Studio	Zetec	Black & White Edition
Steering			
Electric power-assisted steering (EPAS)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Suspension			
Front stabiliser bar	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Hill Start Assist

How it works

- The system senses when the KA+ is stationary on a gradient and you have your foot on the brake
- When you take your foot off the brake, braking pressure is maintained for 2.5 seconds
- When you press the accelerator, the brakes automatically release

How it helps you

- Makes pulling away on a hill easier
- Gives you enough time to move your foot from the brake pedal to the accelerator without the car rolling backwards
- Also works in reverse gear

Standard
 Optional, at extra cost
 Part of an option pack, at extra cost

MyKey®

How it works

MyKey® is a Ford industry-first technology allowing parents to programme a key for younger drivers. The technology works by recognising different keys for the same car and then adjusting the vehicle settings according to the owner's requirements. It enables owners to set the system so that it:

- Limits top speed
- Reduces maximum radio volume
- Disables the audio system until seat belts are fastened
- Prevents deactivation of driver assistance and safety technologies
- Delivers an earlier low-fuel warning
- Issues visual and audible alerts when the speed exceeds a limit you have preprogrammed

How it helps you

MyKey® offers extra peace of mind when lending your KA+ to younger drivers. It assists safer driving by:

- Encouraging drivers to wear seat belts
- Helping to address some of the main factors that lead to accidents, including excessive speed

Standard
 Optional, at extra cost

FORD KA+ Dimensions and capacity

Overall length (mm)	3929
Overall width with mirrors (mm)	1910
Overall width without mirrors (mm)	1704
Overall width with folded mirrors (mm)	1769
Overall height (unladen) (mm)	1521
Minimum distance between wheel arches (in luggage compartment) (mm)	2489
Turning circle – Kerb to kerb (m)	10.1
Luggage capacity (litres)*	
4-seat mode	272
2-seat mode (Rear seats down)	849
Fuel tank capacity (litres)	
Petrol	42

Rear seats up
(with tyre repair kit)

270L

Rear seats down
(with tyre repair kit)

849L

*Measured in accordance with ISO 3832. Dimensions may vary dependent on the model and equipment fitted.

Width (with mirrors): 1,910 mm

Length: 3,929 mm

Height: 1,524 mm

Max. Towable Mass (unbraked) (kg)	500	300

Studio

Zetec and Black & White Edition

*In 4th gear. #Ford test figures. **The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.simi.ie. For further information see www.seal.ie.

 **FORD KA+ Next steps**

try

Visit your Ford Dealer and test drive the Ford KA+ for yourself.
Find your local dealer: www.ford.ie.

build

Build and price your new Ford KA+ to your exact specification and see how it looks at www.ford.ie/buildandprice/ka+.

finance
