360°

S-MAX

Empower your life.

S-Max ST-Line with 18" alloy wheels (accessory) and Moondust Silver metallic body colour (option).

# No compromise.

You're not one for compromise. So when you need a car that can carry up to seven people in space and comfort, yet still be a great-looking driving machine, there's only one choice to make. The Ford S-MAX has room for everything, except compromise. So get out there and enjoy life to the fullest.

# Connects with your voice, responds to your touch.

## Ford SYNC 3

Ford SYNC 3\* integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation® – all via the 8" touchscreen or through remarkably simple voice commands.

### SYNC 3 features

Manage your phone, music, apps and navigation with simple voice commands.

- Hear your text messages read aloud for you
- Receive clear turn-by-turn directions to any destination
- Customise navigation display with full, split-screen or 3D map views
- Emergency Assistance† helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language

### FordPass App

Access additional features with the FordPass smartphone App.

- Select points of interest around your current location or en route to your destination. FordPass automatically sends these locations to your SYNC 3 navigation when you connect through AppLink
- Receive up-to-the-minute traffic data for the best-calculated journey times possible with Live Traffic\*\*
- Search for refuelling points by brand or fuel grade, and compare pricing
- Search available parking spaces, check their costs, opening hours and ratings

\*SYNC 3 is standard on Titanium, ST-Line and Vignale.

®Satellite navigation is optional on Titanium, ST-Line and Vignale.

\*\*Live Traffic is only available through SYNC 3 with optional navigation.

†Ford Emergency Assistance operates in over 40 European countries. This feature works when paired with a compatible connected mobile phone that is with you and switched on when an airbag is deployed or a sensor that registers a crash deactivates the fuel pump. SYNC AppLink and Emergency Assistance are not supported by all European languages. See your local Ford website for latest information.

**Please note:** Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

"Call John"

"Listen to message"

"I need fuel"

"Find town centre"

"I need to park"

"I'm hungry"

### Impressive diesel line-up

All Ford S-MAX diesel models impress with their refined power, responsiveness and fuel economy. Now the acclaimed range is joined by a new high-power 210 PS Duratorq TDCi unit that employs our latest **bi-turbo technology** for even more spirited performance. (not available in ROI)

### Glare-free high beam

Glare-free high beam lets you drive on high beam without dazzling other road users. Sensors identify traffic ahead of your car and adjust the high beam pattern to protect other road users from glare, while illuminating the remainder of the road for greater visibility. (optional - part of adaptive headlamps)

### Intelligent All-Wheel Drive

Ford S-MAX's **Intelligent All-Wheel Drive** system continually monitors where power is needed, and automatically applies the required torque to each individual wheel for added confidence and control, whatever the road conditions. (not available in ROI)

A special display on the cluster panel shows the power distribution between all four wheels. (Standard on AWD models)

### Active Park Assist

Simply push the Active Park Assist button and the sensors of this innovative system locate a suitable space as you drive past. Then it automatically steers you in, while all you do is operate the accelerator, gears and brake (following on-screen instructions and audible signals). (Option on Titanium, ST-Line and Vignale)

### Panorama roof

Enjoy the beauty of the outdoors from the comfort of your Ford S-MAX. A full-length glass panorama roof lets the sun shine in, while a Solar Reflect coating and powered sunblind provide shade and privacy when required. (optional)

### Pre-Collision Assist

Using radar and a camera, **Pre-Collision Assist** keeps a watchful eye on the road ahead for cars and pedestrians. The system is designed to detect objects in front of the vehicle and can alert you to a potential collision. If you don't respond to the system's warning signals, the car will automatically apply the brakes to help avoid or reduce the effect of any impact. (optional)

## A new expression of Ford.

Ford Vignale gives you a unique ownership experience. It appreciates the value of your time with a range of services and benefits to help you make the most of this precious commodity. The vehicles themselves shine with craftsmanship and attention to detail.

## Refinement redefined.

The Ford S-MAX Vignale radiates with refinement, combining the finest traditions of craftsmanship and a host of forward-thinking technologies. Exclusively sourced Ford Vignale leather offers a natural, glove-soft touch for an extra-sumptuous feel across the fascia, door inserts, and elegantly quilted seats. Choose from Ebony or Cashmere.

Choose the right  
S-MAX for you.

S-MAX Titanium Engine Choices

Diesel: 2.0 DuratorqTDCi 150PS.

## S-MAX Titanium

### Exterior features additional to Zetec

- 17" 10-spoke alloy wheels
- LED daytime running lights
- Lower front grille with chrome surround
- Chrome window surround
- Rear spoiler
- Auto-lighting, includes automatic wipers and Auto High Beam

### Interior features additional to Zetec

- Radio/CD with single CD, AM/FM tuner, Ford SYNC 3, 8" TFT LCD touchscreen, media hub with AUX jack, USB and SD card slot, and 8 speakers
- 10.1" colour TFT cluster display
- Interior ambient lighting
- Velours floor mats, front and rear
- Acoustic driver and passenger side windows
- Lane Keeping Assist (including Lane Keeping Aid, Auto High Beam, Driver Alert and Traffic Sign Recognition)
- Cruise control (includes Speed Limiter and intelligent speed assistance)

**ST-Line engine choices**  
 Diesel: 2.0 Duratorq TDCi 150 PS

**Vignale engine choices**  
 Diesel: 2.0 Duratorq TDCi 150 PS

## ST-Line

### Exterior features additional to Titanium

- 18" 5x2-spoke Rock Metallic alloy wheels with black centre caps
- Bodystyling kit
- Rear spoiler
- Sports suspension
- Front and rear parking distance sensors
- Halogen headlights with black bezel

### Interior features additional to Titanium

- Perforated leather-trimmed steering wheel with red stitching
- Aluminium sports pedals
- Front door scuff plates with ST-Line logo
- ST-Line floor mats with red stitching
- Black themed interior

## Vignale

### Standard exterior features additional to Titanium

- Unique Ford Vignale exterior styling with chrome detailing
- Vignale metallic paint
- Exclusive 18" alloy wheels
- Adaptive Lighting with Ford Dynamic LED headlights and glare-free high beam
- Fog lights with high gloss black bezel and chrome surround
- Power-foldable door mirrors with driver's dimming, memory function and auto dip with reverse gear selected
- Rear-view camera
- Bright finish dual exhaust

### Standard interior features additional to Titanium

- Premium leather trim
- Leather-trimmed instrument panel
- 10-way power-adjustable front seats with memory function
- Variable heated front seats
- Sony Sound System
- Ford Vignale welcome screen
- Enhanced ambient lighting

More of what  
you want.

**Front Split-View Camera**

Provides a 180-degree view from the very front of your car to the left- and right-hand sides. Particularly useful at junctions and when driving forwards out of parking spaces where your lateral view is impaired. (optional)

**Ford ClearView Wipers System**

Improves visibility and reduces costs by using less fluid than ordinary screen washer systems. Unlike conventional spray nozzles, multiple holes along the ClearView wipers deliver the washer fluid directly into the path of each wiper blade as it moves across the windscreen.

**Hands-free tailgate**

Opening or closing S-MAX's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the tailgate will operate without you having to touch a thing. (optional)

**Adaptive Lighting with Ford Dynamic LED headlights**

Detects different road conditions and selects the appropriate beam pattern. While the **dynamic curve light** throws the beam inside the curve to let you see further and sooner. The headlights also incorporate **daytime running lights**, with three LED strips that also function as turn indicators, flashing sequentially towards the direction of turn. (Standard on Vignale. Available as an individual option on other series).

**Adaptive Steering**

Adaptive Steering enables effortless driving at all times, in all conditions – even when parking.

At lower speeds, such as manoeuvring in a car park, reduced wheel turning is required. At higher speeds, it automatically moves to a more conventional steering ratio to provide comfortable, reassuring feedback. (not available in ROI)

**Adaptive Cruise Control with Stop & Go**

Adaptive Cruise Control with Stop & Go\* will keep you a safe distance from the vehicle in front, even if it slows to a stop. And when the traffic starts moving again, your car will pull away too, making driving easier in slow-moving or stop/start traffic.(option)

\*Stop & Go feature is available for models with automatic transmission only.  
Adaptive Cruise Control is available for manual vehicles.

**Blazer Blue**

**Milano Grigio†**  
Metallic body colour

**Diffused Silver**  
Metallic body colour\*

## We chose Diffused Silver. What will you choose?

The Ford S-MAX owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the water-based top coat, new materials and application processes ensure it's not only virtually solvent-free, but will retain its good looks for many years to come.

# Made to measure.

You and your family will travel in style and luxury inside the Ford S-MAX. Sound absorption materials create a hushed interior, a place of harmony and control, complemented by a range of high-quality leather and fabric seat trims.

- 1. Manhattan in Ebony for Zetec (not available in ROI)
- 2. Axis in Ebony for Titanium
- 3. Salerno leather in Ebony for Titanium (Optional)
- 4. Axis in Ebony with red stitching for ST-Line
- 5. Salerno leather with Miko Suede trim in Ebony with red stitching for ST-Line (Optional)
- 6. Ebony Leather trim for Vignale
- 7. Cashmere leather trim for Vignale

Enjoy easier entry and exit with seat and steering memory(not available in ROI). The memory function recalls your most comfortable driving position for the **10-way power-operated driver's seat** (Standard on Vignale, optional on other series) and **powered steering column** (optional in combination with partial/full leather). The steering column even moves automatically out of your way, for extra room when getting in and out. (optional)

Wheels

17" 20-spoke alloy wheel in Sparkle Silver-finish optional on Zetec

Roof racks

Sturdy base carrier or crossbars allow you to transport a range of loads safely and easily. Lockable crossbars (accessory) are only available in combination with roof rails. (Option)

Thule®\* roof attachments

A range of roof attachments is available, including roof boxes, bike carriers and roof ski/snowboard carriers.

Retractable Tow bar

Ford's retractable tow bar stows itself out of sight behind the rear bumper when not in use, retaining the model's sleek looks. (Accessory)

Thule®\* rear bike carrier

High-quality tow bar-mounted bike carrier from leading manufacturer Thule®. Features practical tilting mechanism for easy access to the load compartment. (Accessory)

Load floor net

Elasticated net attaches to tie-down hooks in the load compartment. Helps to secure smaller items and belongings. (Accessory)

Load retention guard

Robust retention systems meeting European ECE-R17/ISO27955 safety requirements keep items of luggage safely in the load compartment. A net can be ordered for fitment behind the second row of seats, while a guard is available for fitment behind either first or second row. (Option and accessory). (Not available in conjunction with optional Tri-zone Electronic Automatic Temperature Control or panorama roof).

Load compartment protection

A durable load compartment tray with the Ford S-MAX nameplate is available (accessory), as well as a reversible load compartment mat (that can be extended over the rear seats, together with fold-out bumper protection) and carpet with the Ford S-MAX logo on one side and a durable rubber surface on the reverse side (option and accessory). Both are ideal for transporting wet or dirty items.

All-weather floor mats

The tray-style all-weather floor mats with the Ford S-MAX nameplate are tailor-made to fit perfectly and protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor, to help prevent it from slipping. (Accessory)

Mudflaps

Contoured mudflaps help to protect the bodywork of your Ford S-MAX from stone chips and road spray. Available as sets for front and rear. (Accessory)

\*Item covered by third party supplier's warranty, please see back cover for details.

LED front indicators

Ford S-MAX's LED daytime running lights, integrated into the headlights, also function as turn indicators, flashing sequentially towards the direction of turn. (Standard on Titanium and Vignale)

City light

Country road light

Motorway light

Anti-glare poor weather light

Adaptive Lighting with Ford Dynamic LED headlights

The optional Adaptive Lighting system with variable light distribution provides enhanced illumination in a range of driving situations, based on speed, steering wheel angle or camera information. (Standard on Vignale)

Residential area light

Dynamic curve light

Manoeuvring light

Glare-free high beam

Active Grille Shutter

To reduce wind resistance, the Active Grille Shutter automatically opens and closes to control the amount of cooling air entering the engine compartment. The result? Faster engine warm-up times and a reduction in aerodynamic drag for better fuel economy.

Versatile seating

S-MAX's amazingly adaptable interior is ready for almost anything. The three full-size seats in the second row can each fold flat, slide, recline or tip forward, individually or together, in a simple one-handed operation. The two third-row seats can each fold flat in a single movement.

One-step EasyFold seats = Ultimate convenience

Easy Fold rear seats

S-MAX's Easy Fold function lets you fold each second-row (optional) seat flat at the touch of a button. Easy Fold third-row seats are available as an option. The controls, located in the load compartment, help to speed up the loading of large items as the rear doors do not need to be opened to access the seat folding mechanism. The seats can be raised easily with one hand.

Low speed

High speed

**Adaptive Steering**

Ford S-MAX's Adaptive Steering increases or decreases the steering lock in relation to the car's speed. This makes S-MAX even more agile at lower speeds – perfect for parking or manoeuvring. At higher speeds, the reduced turning provides a more relaxed and enjoyable driving experience. (not available in ROI)

# Arrive refreshed and invigorated

## Multi-contour front seats

Built into the front seats are 11 pneumatic cushions, arranged to provide extra support, comfort and, when required, give you a massage. Operated via the 8" colour touchscreen, they can massage your upper back, lower back, bottom and thighs to help prevent muscle fatigue on long journeys. Both front seats are covered in perforated leather and include a cooling and heating function and 8-way power adjustment. (Option on Vignale)

## Heated steering wheel

Warms up at the touch of a button to add another layer of comfort between you and the cold outside. (optional)

\*Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a direct call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

## Smart technology

The Ford S-MAX comes with an impressive list of technologies designed to make life easier for you and those around you.

- 1. Front Split-View Camera**  
Provides a 180-degree view from the very front of your car to the left- and right-hand sides. Particularly useful at junctions and when driving forwards out of parking spaces where your lateral view is impaired. (optional)
- 2. Traffic Sign Recognition<sup>o</sup>**  
Designed to automatically read standard format road-speed signs and display the posted speed limit in the HMI-enhanced cluster.
- 3. Blind Spot Information System with Cross Traffic Alert<sup>o†</sup>**  
As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a warning light built into the driver's and passenger's door mirrors. (optional)
- 4. Active Park Assist<sup>o</sup>**  
Ultrasonic sensors confirm whether the gap is large enough to park in and the steering is then automatically controlled while you operate the pedals. (optional)
- 5. Pre-Collision Assist<sup>o</sup>**  
Designed to warn you of a potential collision in certain conditions and automatically apply the brakes in an emergency. Comprises Distance Indicator, Forward Alert, Emergency Brake Assist and Active Braking. (optional)
- 6. Lane Keeping Alert and Lane Keeping Aid<sup>o††</sup>**  
Designed to recognise when you approach lane markings without using the indicator, and alerts you with vibrations through the steering wheel. If the system detects that an unintentional lane change is likely to occur, it is designed to apply a steering torque back towards the lane you were in.

- 7. Intelligent Speed Limiter<sup>o</sup>**  
When activated, the system automatically restricts the vehicle speed to the speed limit detected by the Traffic Sign Recognition system. The driver can also select a top speed tolerance in addition to the detected speed limit.
- 8. Ford MyKey**  
This innovative feature lets you tailor and limit car settings – like top speed and audio volume – to suit individual users. This can help prevent the car being used in a manner that could detract from good and safe driving.
- 9. Rear-view camera**  
Select reverse gear and the rear-view camera comes on automatically in the centre stack display, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car to help you manoeuvre more easily and safely. (standard on Vignale, optional on other series).
- 10. Adaptive Steering**  
Designed to adjust the steering ratio to match the car's speed. At lower speeds, a small turn of the steering wheel translates into a big turn of the front wheels, making parallel parking a breeze. At higher speeds, the steering wheel must be turned further for the same effect, enhancing directional stability and ride comfort. (not available in ROI)
- 11. Ford ClearView Wiper System**  
Improves visibility and reduces costs by using less fluid than ordinary screen washer systems. Unlike conventional spray nozzles, multiple holes along the ClearView wipers deliver the washer fluid directly into the path of each wiper blade as it moves across the windscreen.

<sup>o</sup>Uses sensors.  
<sup>†</sup>Designed to operate at speeds above 10 km/h.  
<sup>††</sup>Operates at speeds over 65 km/h on multi-lane roads with clearly visible lane markings. Please note that some of the features listed are available as optional extras.

Intelligent Protection System (IPS)<sup>o1)</sup>

Ford S-MAX’s advanced Intelligent Protection System (IPS)<sup>1)</sup> uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage<sup>1)</sup>, Electronic Stability Control (ESC) and front and curtain airbags<sup>1)</sup>.

The Ford S-MAX’s IPS<sup>1)</sup> includes:

1. Driver’s and front passenger’s<sup>o</sup> airbags\*<sup>1)</sup>

2. Driver’s, front passenger’s and second-row (option) side impact airbags<sup>1)</sup>

3. Driver’s knee airbag<sup>1)</sup>
4. Side curtain airbags for front and rear seats<sup>1)</sup>

5. Seat belt pre-tensioners and load-limiters on all second-row seats

6. Seat belt minders on all seats

<sup>o</sup>Uses sensors.  
<sup>1)</sup>Safety feature.  
\*Includes front passenger's airbag deactivation switch.  
**<sup>o</sup>Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.**

Weights and loads

	Euro Stage	Fuel Type	Kerbweight (kg)*	Vertical Load weight (kg)	Gross Vehicle Mass (kg)	Gross Train Mass (kg)	Max. Towable Mass (braked) (12%*) (kg)	Max. Towable Mass (braked) (8%*) (kg)	Max. Towable Mass (unbraked) (kg)
2.0 Duratorq TDCi 150 PS (110 kW) (with Auto-Start-Stop) 6-speed manual 4x2	Stage VI + DPF	Diesel	1725	tbc	2530 (2500*)	4530 (4550*)	2000	2000	750
2.0 Duratorq TDCi 150 PS (110 kW) (with Auto-Start-Stop) PowerShift 6-speed auto 4x2	Stage VI + DPF	Diesel	1733	tbc	2540 (2505*)	4540 (4505*)	2000	2000	750
*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. <b>Towing limits</b> quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. <b>Nose weight limit</b> is a maximum of 90 kg on all models. <b>Gross Train Mass</b> includes trailer weight. *Gradient at sea level. *Gross Vehicle Mass with steel wheel.									

Helps you find a space. And get in. And get out again.

**Active Park Assist**  
Can help you either parallel park or park perpendicular to the road. Once activated, the enhanced system can help locate a suitable space as you drive past. It automatically steers you in, while you operate the pedals (following on-screen and audible signals). (optional)

**Park-Out Assist**  
Designed to help you get out of a parallel parking space in the same way. (optional)

# Improved response

**High power bi-turbo diesel engine**  
Efficient, refined and powerful, the new high-power 210 PS (154 kW) Duratorq TDCi diesel engine delivers significantly higher outputs and lower fuel consumption than a single turbo diesel. The electrically-controlled sequential bi-turbo design helps ensure optimum efficiency, with both smooth and strong acceleration across the speed range and excellent performance feel. (not available in ROI)  
All our engines are equipped with Auto Start-Stop that automatically cuts off the engine when the car comes to a stop, further reducing exhaust emissions and fuel consumption.

## Fuel and performance

The test used to establish fuel consumption and CO<sub>2</sub> figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO<sub>2</sub> figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data. The table below shows the fuel consumption (WLTP) and CO<sub>2</sub> emissions (WLTP) for each available engine when fitted on a standard specification S-MAX (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO<sub>2</sub> emissions. Please speak to your Ford Dealer for more information. The fuel consumption you achieve in real life conditions and CO<sub>2</sub> produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.

	Euro Stage	Fuel Type	Transmission	Maximum Power PS (kW)	Torque Nm	WLTP CO <sub>2</sub> emissions (g/km) <sup>90</sup>	WLTP Fuel consumption in L/100 km <sup>90</sup>	Performance <sup>90</sup>		
							Combined	Max. speed (km/h)	0-100 km/h (secs)	50-100 km/h* (secs)
2.0 Duratorq TDCi (with Auto-Start-Stop) 4x2	Stage VI + DPF	Diesel	6-speed manual	150 (110)	350	160-166	6.1-6.3	198	10.8	10.8
2.0 Duratorq TDCi (with Auto-Start-Stop) 4x2	Stage VI + DPF	Diesel	6-speed automatic (PowerShift)	150 (110)	350	172-176	6.6-6.7	196	10.8	n/a

The declared Fuel/Energy Consumption CO<sub>2</sub> Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO<sub>2</sub> emissions and electric range, CO<sub>2</sub> is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO<sub>2</sub> emissions which contains data for all new passenger car models is available at any point of sale free of charge.

## Making ownership easy and affordable.

*Take advantage of a range of invaluable services and make the most of your car – for as long as you own it.*

### FORD BlueService

**Delivering total peace of mind.**

With Ford, the service doesn't end when you leave the showroom. Ford BlueService is designed to keep your Ford in great condition and help you make the most of your car – throughout its life.

- **Free Electronic Vehicle Health Check with Video Reporting**
- **Free European Roadside Assistance**
- **Transparent prices**
- **A One Call number to connect you to all Ford services**

### FORD PROTECT

**Extend your warranty up to 7 years/100,000km with Ford Protect.**

Extend your standard 2-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- **High flexibility in duration and mileage**
- **Attractive annual fees**
- **Cover against unexpected repair costs**
- **Protection on trips abroad**
- **Inflation proof: all increases in repair costs are covered**
- **Prolonged lifespan of your Ford vehicle**
- **Protects your vehicle resale value**

**try**

Visit your Ford Dealer and test drive the Ford S-MAX for yourself.

**build**

Visit your Ford Dealer to build and price your new Ford S-MAX.

**finance**

When it comes to financing your vehicle, Ford Credit's size and expertise means they're well placed to provide you with a wide range of finance products. Ford Credit provides a range of finance products for your vehicle whether you are a private or business user.

The credit provider of these products is Bank of Ireland Leasing Ltd, trading as Ford Credit.

The FORD and FORD CREDIT trademarks are owned by Ford Motor Company and are used under licence.

For more information about the finance products provided by Ford Credit visit [www.ford.ie](http://www.ford.ie)

**contact**

1890 812 813

**own**

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

**FordPass**

**FordPass** is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides.

Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

**Illustrations, descriptions and specifications.** This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
