## *Live life to the full.*

The new Ford Tourneo Connect is designed for the real world. Its distinctive new style means it will look perfectly at home wherever you drive. While its fresh interior provides comfort for longer journeys, with all the space and versatility you need to live life to the full.

Model shown is a Tourneo Connect Titanium in Kapoor Red metallic body colour (option), roof rail crossbars (accessory) and Thule® bike carrier\* (accessory).

\*See page 32 for more information.

## Surround yourself with smart ideas.

The new Tourneo Connect makes life on the road smart and convenient. So, you'll find features like front and rear parking sensors, auto headlights and wipers to help you drive with confidence. Plus, a rear-view camera for easier reversing and a range of thoughtful ideas to help you stay in touch.

### 01 FordPass Connect

FordPass Connect and the FordPass App deliver a suite of connected services in your car and via your smartphone. The new FordPass Connect modem\* makes your journeys easier. Live Traffic\*\* delivers up-to date traffic information to your SYNC 3 Navigation system. The on-board Wi-Fi allows you and your passengers to connect effortlessly to the internet with up to ten devices\*\*\*. (Option)

And download the FordPass App so that you can control a host of new features from your smartphone. Remotely lock and unlock your car, monitor your fuel level, tyre pressure and find your way back to your parked car on a map.

**02 DAB radio** with 4.2" TFT display, MP3 capability, Bluetooth® with Voice Control and six speakers.

**03 Wireless charging pad** lets you recharge a compatible mobile device† without the need for a charging cable. (Option)

†Wireless charging enabled device required.

\*FordPass Connect is an optional extra. The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. The technology will be made available in selected markets in 2018, with the remaining markets following through 2019.

\*\*Live Traffic access is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

\*\*\*Wi-Fi hotspot (up to 4G LTE) includes complimentary wireless data trial that begins at time of activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards a subscription to Vodafone is required, refer to their website for detail of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, a 2018 Ford vehicle must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

**Note** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Model shown is a Tourneo Connect Titanium in Kapoor Red metallic body colour (option) with SYNC 3 (option), wireless charging pad (option) and 8-speed automatic transmission (option).

## Choose your bodystyle.

Space reigns supreme in new Tourneo Connect, with dual sliding rear doors and plenty of room for five passengers. While the larger Grand Tourneo Connect offers a choice of five or seven seats.

Model shown is a Grand Tourneo Connect Titanium in Chrome Blue metallic body colour (option) with roof rail crossbars (option and accessory).

In both models, second row seats are split 60:40. The seat backs fold flat and the whole seat tumbles forward for easy access to the third row\*. Second and third row\* seats also fold flat to create a level surface to make room for extra luggage.

Handy stowage solutions, including overhead lockers for your passengers' belongings, keep the cabin clutter free. From 7 adults to a couple of kayaks, and most things in between, if you need to move it, put it in the Grand Tourneo Connect.

- **Overhead stowage console** above the front seats (standard)
- **Second-row overhead stowage** (N/A for ROI)
- **Third-row overhead stowage console** (N/A for ROI)
- **Underfloor storage bins** offer further storage options

\*Grand Tourneo Connect 7-seat model.

5-seat Tourneo Connect Length 4,425 mm

7-seat Tourneo Connect Length 4,825 mm

## Always connected.

### Ford SYNC 3

Ford SYNC 3 integrates seamlessly with your compatible smartphone\*, letting you control everything from phone calls and text messaging, to music and satellite navigation – all via the 6" touchscreen, or by using remarkably simple voice commands. (Option)

#### Sync 3 Features:

- Make and receive calls hands-free
- Easy navigation
- Listen to your own music (link to Spotify)
- Touchscreen interface (6" screen)
- Listen to text messages (depending on compatibility of mobile device)

#### Touchscreen

The SYNC 3 6" touchscreen supports multi-touch ‘swipe’ and ‘pinch-to-zoom’ gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users.

Main image shows Tourneo Connect with high specification in-car entertainment system.

#### Touchscreen

The SYNC 3 6" touchscreen supports multi-touch ‘swipe’ and ‘pinch-to-zoom’ gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users.

Main image shows Tourneo Connect with high specification in-car entertainment system.

#### Applink, Apple CarPlay and Android Auto

Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone HMI through the SYNC 3 home screen, just as if it were your handset.

**\*Please Note:** Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

## Intelligent technology that helps keep you one step ahead.

The new Tourneo Connect looks out for you and those around you.

Pre-Collision Assist<sup>02)</sup> detects vehicles and pedestrians in the road ahead, or who could cross the vehicle's path, and warns you of their presence. If you don't respond, the system automatically applies the brakes. This technology is designed to help reduce the severity of accidents, or help avoid them altogether, and functions at speeds of up to 80 km/h. (Standard)

### 01 Ford Blind Spot Information System<sup>01†</sup>

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the driver's and passenger's door mirrors. (Option)

### 02 Emergency Brake Assist<sup>01)</sup>

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power. (Standard)

### 03 Lane-Keeping System (Lane-Keeping Alert and Lane-Keeping Aid)<sup>02)</sup>

Lane-Keeping System uses a forward-looking camera to detect if you're unintentionally drifting out of lane. Lane-Keeping Alert then warns you by vibrating the steering wheel and displaying a visual warning. If you're slow to react or don't respond, Lane-Keeping Aid can provide steering torque assistance to help guide you back into the correct lane. The technology is designed for multi-lane roads, such as motorways, and will automatically deactivate at speeds below 65 km/h or can be turned off manually. (Standard)

<sup>0)</sup>Uses sensors.  
<sup>1)</sup>Safety feature.  
<sup>2)</sup>Driver assistance feature.  
<sup>††</sup>Designed to operate at speeds above 10 km/h.

# Driver assistance technologies for the real world.

Combining information from camera and radar technology, new Tourneo Connect can help in various driving situations. From Intelligent Speed Assist that helps you keep within the speed limit, to Driver Alert that warns you when to take a break, Tourneo Connect is always ready to lend a hand.

**01 Intelligent Speed Assist<sup>(02)</sup> with Traffic Sign Recognition<sup>®</sup>** Detects speed limits, including variable limits, and no-overtaking signs via the forward-facing camera and shows them in the cluster display. Intelligent Speed Assist uses the information to help you keep within the prevailing speed limit<sup>(01)</sup>. (Standard)

**02 Driver Alert<sup>(02)</sup>** Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by an audible chime if driving alertness further declines. (Standard)

**03 Distance Indication** An instrument cluster display continuously indicates the distance to the vehicle in front. The system illuminates a series of coloured icons depending on the proximity settings you've chosen. Distance Alert can notify you with a red warning symbol if you get too close to the vehicle ahead. (Option)

<sup>(01)</sup>Uses sensors.  
<sup>(02)</sup>Speed limit may vary according to road and vehicle size. Driver is responsible for adhering to the speed limit at all times.  
<sup>(03)</sup>Driver assistance feature.

## Parking made simple.

**Active Park Assist** will park your Tourneo Connect for you. The system can locate a suitable parking space and automatically steer you into a parallel or perpendicular space. It can also manoeuvre you out of parallel spaces too. All you need to do is operate the accelerator, brake and gears. (Option)

**Active Park Assist** can help you find a suitable parking space and will automatically steer you in – and out – as required. (Option)

**Rear-view camera** Select reverse gear and the image from the rear-view camera displays automatically in the central colour Multi-Functional Display screen or the rear-view mirror (depending on system specified). Marker lines overlaid on the camera image indicate where the vehicle is heading. (Option on Zetec and Titanium)

**Parking distance sensors, front and rear**<sup>2)</sup> help you to judge the distance between your vehicle and obstacles at the front and rear, for easier parking and manoeuvring. (Front sensors are option on Zetec and Titanium series. Rear sensors are standard on Titanium, option on Zetec)

<sup>2)</sup>Driver assistance feature.

*Helps you find a space.*

*And get in. And get out.*

Model shown is a Grand Tourneo Connect Titanium in Diffused Silver metallic body colour (option).

## *The story of less fuel, more power.*

**New Tourneo Connect brings bold design and fuel-efficient engines with all-new 1.5-litre Ford EcoBlue diesels, and a 1.0-litre Ford EcoBoost petrol with cylinder deactivation.**

### **Ford EcoBoost petrol engine**

- 1.0-litre Ford EcoBoost – six times category winner at the International Engine of the Year awards

For customers who require a petrol option, Tourneo Connect offers an advanced new version of the multi-award-winning 1.0-litre Ford EcoBoost engine, which incorporates major changes to the cylinder head, fuel injection and emission-control systems to provide further improvements in fuel efficiency. This includes a cylinder deactivation system which enables the engine to run on two cylinders at low loads, to reduce pumping losses and improve economy. (N/A for ROI)

### **Ford EcoBlue diesel engine**

- All-new 1.5-litre Ford EcoBlue diesel engine, with power outputs from 75 PS (55 kW) to 120 PS (88 kW)
- Tourneo Connect's advanced, high-performance 1.5-litre Ford EcoBlue diesel engine range combines flexible power for long distance driving with excellent fuel consumption and CO<sub>2</sub> emissions from just 116 g/km\*.

\*Calculated Drive Cycle test figures for Tourneo Connect L1 with 75 PS Ford EcoBlue diesel engine.

### **Greater performance, fewer emissions.**

New Tourneo Connect's Ford EcoBlue diesel engines comply with stringent Euro Stage 6.2 emissions standards. A Selective Catalytic Reduction (SCR) system uses AdBlue®, a urea/water-based fluid to convert NO<sub>x</sub> emissions in the exhaust gas into nitrogen and water, while the diesel particulate filter is designed to capture 99% of emitted solid particulates from the vehicle's exhaust.

Model shown is a Tourneo Connect Titanium in Kapoor Red metallic body colour (option).

Powered by **FORD EcoBoost**

## Brighter thinking for an easier life.

Tourneo Connect's new xenon headlights offer enhanced light quality over halogen bulbs, while using less energy. (Option)

**Follow-me home lighting** ensures the headlights and puddle lights (where fitted) stay on for a few extra seconds as you walk away from your car. A convenient feature that should help you see your way safely to your door at night. (Standard on Titanium)

**Static cornering fog lights** are designed to provide additional illumination of the area to the side of the vehicle when cornering, helping to make night-time parking and turning safer. (Standard on Titanium, option on Zetec)

**LED daytime running lights** are designed to enhance Tourneo Connect's distinctive design, while making it more visible in bright conditions. (Standard)

Model shown is a Tourneo Connect Titanium in Chrome Blue metallic body colour (option).

# Models Zetec

## Key exterior features

- 16" 5x2-spoke alloy wheels, painted Sparkle Silver
- Front fog lights
- Electrically-operated and heated door mirrors
- New front styling with 5-bar grille
- Body colour front bumper
- Ford Easy Fuel capless refuelling system
- Remote central locking
- Rear tailgate

## Key interior features

- Radio with 4.2" TFT display, MP3 capability, Bluetooth® with Voice Control, USB connectivity and steering wheel remote audio controls
- Manual air conditioning
- Trip computer
- Electrically-operated front and rear windows with one-shot down on driver's side
- 12 V AUX power point in front and rear
- Dual cup holders
- Front overhead shelf and instrument panel stowage box
- Rear overhead courtesy lights
- Rake- and reach-adjustable steering column
- Fold-flat third row seats (7-seat Grand Tourneo)
- Quickclear heated windscreen
- Front dome light with two map lights

FORD TOURNEO CONNECT Remarkable Technologies

**01 Automatic transmission** is available for the 100 PS and 120 PS Ford EcoBlue diesel engines. The new 8-speed transmission helps make Tourneo Connect even easier and more relaxing to drive. (Option, diesel models only)

**02 FordPass App**  
Is a new platform offering a collection of personal, digital and physical solutions that will empower you to rethink the way you move. This smartphone app provides access to Ford services, and a range of connected vehicle features. Receive up-to-the-minute traffic data\*, search for refuelling points and compare pricing, search available parking spaces, check their costs, opening hours and select points of interest around your current location or en route to your planned destination. FordPass automatically sends these locations to your SYNC 3 Navigation when you connect through AppLink.

\*Live Traffic access is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

**03 Ford KeyFree System** allows you to lock or unlock the doors without ever holding the key. Just keep the key fob with you in your pocket or bag. (Option)

**04 Ford Power Starter Button** lets you start the car by the press of a button. (Standard on Titanium)

**05 Panorama roof** lets you enjoy more beautiful views of surrounding scenery from the comfort of your Tourneo Connect. The glass also has a solar reflective coating to help keep the interior cool. While an integrated sunblind provides extra shade when you need it. (Standard on Titanium, option on Zetec)

**06 Innovative stowage** solutions include under floor storage compartments and overhead lockers to help keep the cabin clutter free. (Availability varies according to model. Please see page 7 for more information)

**07 Power inverter** is located between the driver and front passenger seats. The handy 230 V power socket can be used to charge tools, laptops or other electrical equipment without the need for special adaptors. (Option)

**08 Quickclear heated windscreen** demists the windscreen in seconds, even on frosty mornings. (Standard)

# Sit back and relax.

**Note** All alloy wheels are available as accessories through your local Ford Dealer at an extra cost.

FORD TOURNEO CONNECT Accessories

All-weather floor mats

The tray-style all-weather floor mats with the Tourneo Connect nameplate are tailor-made to fit perfectly and protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Tow bar, detachable

For extra transport and stowage capability, the tow bar can tow up to 1,500 kg\* depending on engine. The tow bar can be detached if not in use. Used in combination with electrical e-Kit. (Option and accessory)

Load compartment tray

Durable tray, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory for all 5-seater variants)

Alloy wheels

16" 5-spoke alloy wheels, painted Dark Stainless (option on Zetec and Titanium) with locking wheel nuts (standard/accessory).

Roof rails

Stylish roof rails enhance your Tourneo Connect's appearance and versatility. (Option and accessory)

Roof crossbars, for roof rails

Aerodynamic-shaped aluminium profiles, for all attachments such as roof boxes, bike carriers, ski racks, etc. (Option and accessory)

Thule®+ roof box, Dynamic

Designed to carry a wide variety of loads and protect them from weather and theft. All offered models come with dual-opening for easy access. (Accessory, available in various sizes)

Thule®+ roof bike carrier

High-quality, easy-to-install roof bike carrier from Thule®. (Accessory)

Thule®+ roof ski/snowboard carrier

Elegant, fully-lockable ski carrier suitable for up to six pairs of skis or four snowboards. (Accessory)

Mudflaps

Contoured mudflaps help to protect the bodywork of your Tourneo Connect from stone chips and road spray. Available as sets for front and rear. (Option and accessory)

ClimAir®+ wind deflectors

Reduces wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

Xvision+ parking distance sensors

An audible warning helps you to judge parking distances. (Accessory)

\*Towing and load capacity depends on engine and vehicle series. Please refer to vehicle weight and load specifications.  
†Item covered by third party supplier's warranty, please see back cover for details.

FORD TOURNEO CONNECT
Weights, Loads, Fuel, performance and emissions

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO2 figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data

The table below shows the fuel consumption (WLTP) and CO2 emissions (WLTP) for each available engine when fitted on a standard specification Tourneo Connect (with no options or accessories). Adding options to a vehicle can Impact WLTP fuels consumption and CO2 emissions. Please speak to your Ford Dealer for more information.

The fuel consumption in real life conditions and CO2 produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.

\*Ford test figures. Note: All engines are stage VI. \*\*The declared Fuel/Energy Consumptions and CO2 emissions are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO2 emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.ford.ie.

FORD TOURNEO CONNECT Driving experience

Live Traffic\* is available through FordPass. Connecting seamlessly via SYNC 3 with navigation, Live Traffic gives you up-to-the-minute traffic data, enabling you to plan your journey more efficiently.

- Key features
- Real-time traffic information, including traffic speed, accidents and road closures
  - Alternative route guidance and mapping to help you avoid problem areas

\*Live Traffic access is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

☒ Standard

☐ Optional, at extra cost

☒ Part of an option pack, at extra cost

Just enjoy the drive.

Traction Control<sup>(1)</sup>

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction.

Trailer Sway Control<sup>(1)</sup>

When it detects trailer sway, the system is designed to reduce engine torque and apply the brakes to the appropriate wheel(s) to help maintain control – standard with all Ford tow bars.

Hill Start Assist<sup>(2)</sup>

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy items and equipment for outdoor pursuits. (Standard)

Electronic Stability Control (ESC)<sup>(1)</sup>

ESC is designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

<sup>(0)</sup>Uses sensors.  
<sup>(1)</sup>Safety feature.  
<sup>(2)</sup>Driver assistance feature.

Model shown is a Grand Tourneo Connect Zetec with Sport Pack (N/A for ROI) and tow bar (accessory).

<sup>1)</sup>Safety feature, <sup>2)</sup>Driver assistance. ♦**Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.**

Intelligent Protection System.

Awarded the NCAP 5-star rating, Ford Tourneo Connect's advanced Intelligent Protection System (IPS)<sup>(1)</sup> uses a range of sophisticated technologies designed to keep you protected, including an ultra-high strength steel safety cage, an anti-lock braking system with Emergency Brake Assist and front, side and curtain airbags.

<sup>(\*)</sup>Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

<sup>(\*)</sup>Uses sensors.

<sup>(1)</sup>Safety feature.

The Ford Tourneo Connect IPS includes

- 1. Driver's and front passenger's<sup>(\*)</sup> airbags
- 2. Driver's and front passenger's side impact airbags
- 3. Side curtain airbags for front and rear seats
- 4. Collapsible steering column and pedals for optimised protection of driver's legs and feet
- 5. Anti-lock brakes, electronic brake-force distribution and Emergency Brake Assist
- 6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
- 7. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seat belts
- 8. Seat belt minder display
- 9. Anti-submarining seat bases
