Ford KA+ Zetec in optional Moondust Silver metallic body colour, privacy glass, Driver Assistance Pack and standard 15" alloy wheels.

Make life easy.

The Ford KA+ is one of life's easier choices. Packed with remarkable technologies, our compact car looks and feels surprisingly larger than you might expect.

FordPass is a new platform that will empower you to rethink the way you move using a collection of personal, digital and physical solutions.

Ford KA+ Zetec in optional Ruby Red metallic body colour, privacy glass, Driver Assistance Pack and 15" alloy wheels.

Easy to enjoy.

KA+ Active has adventure written into its DNA. This exciting new crossover retains all the urban practicality and playful charisma of KA+, while unique features include black-finish side cladding, front and rear bumpers, bright-finish roof rails, exclusive alloy wheels and Canyon Ridge metallic body colour. Increased ground clearance and elevated driving position give this plucky compact all the intrepid spirit of its larger SUV cousins.

KA+ Active with exclusive Canyon Ridge metallic body colour and 15" machined alloy wheels.

Easy to take your friends.

The Ford KA+ is surprisingly spacious for a compact car. Offering generous shoulder width across the back seat and ample legroom, three passengers can sit in the back comfortably.

“Call John”

“Listen to message”

“Find town centre”

“I need fuel”

“I need to park”

“I’m hungry”

Easy to stay connected.

Ford SYNC 3

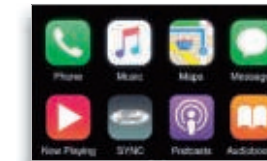

Car journeys need not be a disruption to your connectivity. New **Ford SYNC 3** integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music – all via the 6.5" touchscreen or through remarkably simple voice commands. (Standard on Zetec, Black & White and Active)

Sync 3 features:

- Manage your phone, music and apps with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language

The new FordPass app lets you access a range of Ford services designed to help make journeys easier and more enjoyable. These include:

- **Live Traffic*** – delivers up-to-the-minute traffic data for the best-calculated journey times possible
- **Find fuel** – lets you search for refuelling points, refine your search by brand or fuel grade, and compare pricing
- **Parking** – search for available parking spaces, check their costs, opening hours and ratings
- **Destinations** – Search for points of interest around your current location or en route to your planned destination. FordPass will automatically send these locations to your SYNC 3 Navigation system when you connect through AppLink

Touchscreen
The SYNC 3 touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users.

Please note Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth[®]-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Easy to reverse into spaces.

Rear parking distance sensors

With the Ford KA+, you won't have to pass by those more challenging parking spaces. An audible warning helps you judge the distance between your car and obstacles at the back, for easier parking and manoeuvring. (Option)

Easy to start on a hill.

Hill Start Assist

Helps to prevent the car from inadvertently rolling backwards. After releasing the brake pedal when stationary, the system keeps the wheels braked, leaving you enough time to move your foot from the brake pedal to the accelerator without the car rolling backwards. (Standard on all series)

Easy to share.

MyKey

MyKey lets you tailor your car settings to suit individual users, automatically activating each time MyKey is used. (Standard Zetec, Black & White and Active). These settings allow you to:

- Set speed limit with reminders
- Set audio volume limits
- Prevent important driver assistance features from being switched-off
- Activate individual settings automatically

Easy to keep your eyes on the road.

No need to keep fiddling with the controls. Innovative features such as Electronic Automatic Temperature Control (EATC), rain-sensing wipers, automatic headlights plus SYNC 3 voice control, take care of all the little details so you can just concentrate on enjoying the drive.

- Control music, phone calls and text messaging using only your voice
- EATC maintains the precise temperature you select for air-conditioned or heated comfort
- Windscreen sensors automatically activate your wipers when rain is detected, and adjust to the intensity of the shower
- Automatic headlights detect failing levels of natural light and automatically activate your headlights for you

Easy to save fuel.

Auto Start-Stop

Auto Start-Stop will automatically switch off the engine when you come to a halt and put the vehicle in neutral. It then restarts smoothly when you want to move off, thereby reducing fuel consumption and CO₂ emissions. (Standard on all series)

- Helps to reduce fuel costs
- Lowers fuel consumption and CO₂ emissions
- Works automatically, making it effortless to move off

FORD KA+ Models

Studio

Standard exterior features

- 15" steel wheels with 8x2-spoke wheel covers
- Full chrome grille
- Power-adjustable door mirrors
- Front fog lights
- Daytime running lights

360°

Heated front seats

For those cold days, nothing is better than the luxury of heated front seats. (Option on Zetec, Black & White and Active)

Power-foldable heated door mirrors

Ideal for quickly clearing frost and squeezing into tight parking spaces. (Option on all series)

Quickclear heated windshield

A heated element built into the windshield is designed to clear the glass of frost and condensation in seconds, even on the coldest mornings. (Option on Zetec, Black & White and Active)

Privacy glass

Not only does privacy glass make it difficult for prying eyes to see into your KA+, but the tinted glass also helps keep the interior cooler on hot days. (Standard on Black & White and Active. Option on Zetec)

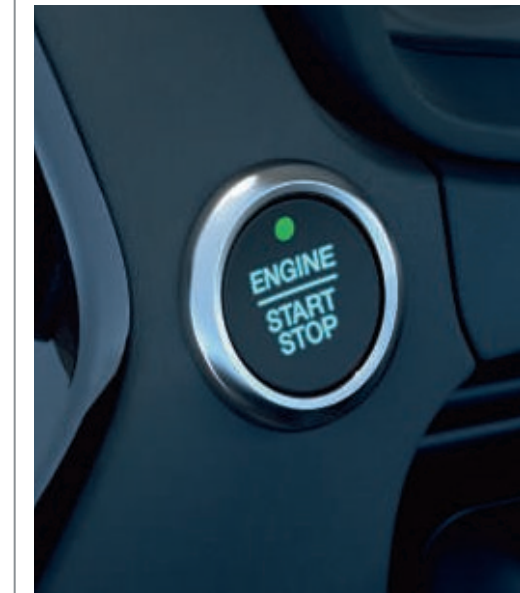

Cruise control

Your KA+ will maintain the speed you set via the steering wheel controls until you choose to override it. (Only available with leather-trimmed steering wheel) (Standard on Zetec, Black & White and Active)

Ford Power Starter Button

Once in the car, no need to use a key to start it – just press the power starter button. (Option as part of a pack on all series)

We chose Canyon Ridge metallic body colour† What will you choose?

The Ford KA+ owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your KA+ will retain its good looks for many years to come.

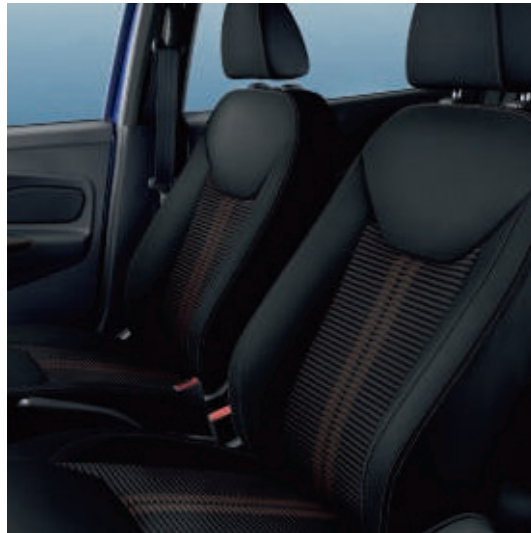

*At extra cost.
†Exclusive to Active.
**Only available with 85 PS engine.
The Ford KA+ is covered by the Ford Perforation Warranty for 12 years from the date of first registration. Subject to terms and conditions.
Please note The car images used are to illustrate body colours only and may not reflect current specification or product availability in certain markets. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

Sit in comfort and ride with style.

The look and feel of interior materials plays a large part in appreciating the overall driving experience. That's why great care has been taken in designing and crafting the trim for your Ford KA+.

FORD KA+ Accessories

Load compartment tray

Durable tray, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. (Accessory)

Detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 500 kg depending on engine (check with your Ford Dealer for further details). The tow bar can be detached if not in use. (Accessory)

Uebler® rear bike carrier

High-quality tow bar-mounted bike carrier with optional practical tilting mechanism (depending on bike carrier model), for easy access to the load compartment. (Accessory)

Park Distance Control

An audible warning helps you to judge front and rear parking distances. (Accessory)

ClimAir®+ wind deflectors

Allow fresh air to enter the vehicle while driving with the front and rear windows open, even during light rain or snow.

Wheel inserts

White wheel inserts provide extra eye-catching style. Available on 15" 5x2-spoke alloy wheels only. (Option and accessory)

Mudflaps

Contoured mudflaps help to protect the bodywork of your KA+ from stone chips and road spray. Available for front and rear. (Accessory)

All-weather floor mats

The tray-style all-weather floor mats with KA+ nameplate are tailor-made to fit perfectly and protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor. (Accessory)

For a comprehensive list of accessories, view the Online Accessory Catalogue at www.ford-accessories.com

For a range of Ford branded items – from clothing to lifestyle products and model cars – visit www.fordlifestylecollection.com

Please Note The mudflaps shown will be available on Ford KA+ from 2019.

FORD KA+ Fuel and performance *Reality check. Making fuel economy figures more realistic.*

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO₂ figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

The table below shows the fuel consumption (WLTP) and CO₂ emissions (WLTP) for each available engine when fitted on a standard specification KA+ (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO₂ emissions. Please speak to your Ford Dealer for more information.

	5-door	
	1.2 Ti-VCT	1.2 Ti-VCT
Euro Stage	Stage 6.2	Stage 6.2
Transmission	5-speed manual	5-speed manual
Drive	4x2	4x2
Maximum Power PS (kW)	70 (51)	85 (63)
Torque Nm	107	107
WLTP CO ₂ emissions Min/Max (g/km) ^o	130-130	133-146
WLTP Fuel consumption in L/100 km^{oo}		
Min/Max Combined	5.8-5.8	5.9-6.5
Performance^o		
Max. speed (km/h)	164	169
0-100 km/h (secs)	14.6	13.5
50-100 km/h* (secs)	19.3	19.3

^{oo} The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load. The declared Fuel/Energy Consumption CO₂ Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behavior as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge.
