

The new Kia

CEED

The Power to Surprise

Life is what you make of it. Welcome to the world of Kia.

Life is spectacular. It is vivid, unpredictable and exciting in all its facets. Whatever will happen, wherever you will go and whatever you will discover, Kia is with you.

We at Kia have dedicated our lives to making a contribution towards building a better future. That is why we develop and build cars which help you to discover and enjoy new horizons. Cars with stunning designs, advanced technologies and smart solutions. Cars with our remarkable 7-year warranty as proof of our outstanding quality. Whatever we do, we are driven by one mission: to always exceed your expectations.

We call it 'The Power to Surprise'. Now, we invite you to take a closer look and allow us to surprise you.

EXTERIOR DESIGN

The new Kia Ceed. The right place, the right time.

If you're serious about enjoying every ride, you're invited. If you want to look the part while having fun, we speak the same language. And if you think dynamic styling should be met by dynamic drive, you've found your match. The new Kia Ceed instantly grabs your attention: the bold design features a dual-layered front grille framed by full LED headlamps and dazzling 'Ice-Cube' LED Daytime Running Lights, a chrome window line and the K5 sports 17" two-tone alloy wheels. In short, it has everything to put the fun back into driving.

INTERIOR DESIGN

Pick your dream team.

Refined and intuitive in equal measure, in the Ceed everything is designed around the driver: the seamless, horizontal layout of the instrument panel creates a light and airy atmosphere. This sense of roominess is matched by soft-touch surfaces emphasizing the high-quality feel of the interior. Exceptional style is paired with innovative technology: it includes a seamless 8" touch screen with navigation system in the K5, while the GT Line comes equipped with a 7" screen, and all Ceed trims come with Android Auto and Apple CarPlay compatibility as standard.

GT LINE EXTERIOR

Relish the attention.

The GT Line instantly catches your attention with its dual-layered front grille and air-blade style fog lamps dramatically housed in the front bumper. Sporty side mouldings with silver accents and 17" diamond-cut alloy wheels also emphasize this powerful look. And for a fitting finale, the rear features dual exhaust-pipe styling

CONNECTIVITY

Stay tuned to your world.

On the move, get always connected. In the new Kia Ceed, technology is simply effortless. In the K5 select your destination via the touch screen with navigation system complete with a seven year map update to keep you on track. While in the K2 and GT Lines, you can also manage functions with integrated voice recognition, and use Bluetooth for all your music and calls thanks to its smartphone compatibility.

Smartphone Compatibility

Turn your car into an extension of your phone, and have access to features like voice control, maps, calls, messages, music and podcasts!

Wireless Phone Charger

Forget cables, just place your smartphone with Qi technology on the convenient Wireless Phone Charger. Not available in K2.

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone – while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Ceed's display, so you can get directions, make a call and listen to music – all while staying focused on the road.

Smartphone with data plan required to activate services. Legal restrictions to these services may apply depending on country usage.

7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory-fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique programme ensures your navigation system is always up to date.

SAFETY AND ASSISTANCE

Protect yourself with advanced features.

Peace of mind is key to enjoying your ride. That's why the new Kia Ceed comes with innovative features and sophisticated technology to keep you and your passengers as safe as possible.

Blind-Spot Collision Warning (BCW)

The Blind-Spot Collision Warning system has radar sensors that monitor your blind spots and warn you of oncoming cars with a symbol in the side-view mirror. K5 trim only.

Rear-view camera

The Rear-view camera gives you the full picture when reversing into a parking spot by displaying dynamic guidelines on the navigation system screen to help guide you into place.

High Beam Assist (HBA)

When the camera in the windscreen detects the headlights of an oncoming vehicle at night, the High Beam Assist system automatically switches to low beam to avoid dazzling other drivers. Once the car has passed, the high beam is automatically switched back on.

Lane Keeping Assist (LKAS)

No need to worry about drifting out of your lane. The Lane Keeping Assist uses a camera mounted at the top of the windscreen to monitor lane markings, and if you move out of the lane unintentionally the system will alert you and even steer the car back into your lane.

Forward Collision-Avoidance Assist (FCA)

The FCA system can detect preceding vehicles as standard and pedestrians crossing the road. Using a camera and radar sensors to monitor the velocity of and distance between vehicles, it warns the driver in the event of a potential collision risk by activating a visual alert. In conjunction with optional pedestrian detection, the steering wheel gives a haptic response. If there is no driver reaction, the car brakes automatically to avoid or mitigate an accident.

Driver Attention Warning (DAW)

The system detects whether you're losing concentration by monitoring the pattern of the steering wheel, indicator, acceleration and overall duration of the journey. If you show signs of drowsiness or inattentiveness, DAW alerts you with a warning sound and a coffee cup symbol in the cluster.

Speed Limit Information Function (SLIF)

Speed Limit Information Function (SLIF)

The Speed Limit Information Function gives you all the necessary information to help you stay within the speed limits. Using the camera on the windscreen, it reads speed limits and overtaking restrictions, and displays the information clearly on the navigation screen and cluster. K5 only.

The above values have been tested in the new WLTP, Worldwide Harmonised Light Vehicle Test Procedure, test cycle and converted back to NEDC, New European Driving Cycle, and additionally measured according to the RDE, Real Driving Emissions, method.

7-speed DCT (dual-clutch transmission)

The latest-generation 7-speed dual-clutch transmission ensures a sporty drive and excellent fuel efficiency.

Manual transmission

The manual transmission combines quick, smooth gear changes and gear ratios matched to engine torque curves. The result? A perfect balance between power and efficiency.

VERSATILITY

Make room for
more of you.

The new Kia Ceed Sportswagon not only offers more room for everyone on board – in fact its luggage capacity ranks amongst the best in the segment – it's also an expert at making space work for you. Whether it's the one-touch folding rear seats, or well placed luggage compartments – this Ceed is packed with ideas that take you further.

60:40 flat folding seats

Thanks to the split folding seats, the Sportswagon adapts to your needs – great for transporting sports equipment or other long items.

Boot space

With the rear seats folded, you'll enjoy 1,694 litres of luggage space. There are also two underfloor storage compartments to maximise your luggage area. A handy range of hooks and luggage nets help you keep your belongings secure and organised. Plus, a storage area under the boot cover can keep smaller items away from prying eyes.

TRIMS

Choose the Ceed you love.

K2

Perfectly equipped when it comes to keeping you safe, the LX features Lane Keeping Assist and Forward Collision Warning (AEB City) as standard. The headlamps with ,Ice-Cube' LED daytime running lights aren't just a stylish addition, they also include convenient High Beam Assist for safe night-time driving. Bluetooth and the floating 7" LCD display ensure an effortless multimedia experience. This trim also features 16" alloys and for premium comfort, Keyless Entry, Auto Light Control, Driver Attention Warning and rear power windows also come as standard on the K2

K5

If style and comfort are top of your list, the K5 is your answer. Inside, you'll enjoy automatic temperature control, an 8" LCD navigation system and a full black leather interior. On the outside, 17" alloys add to the sporty feel, while privacy glass is added to the rear windows. Featuring a rain sensor, heated and ventilated seats, and smart key with push button start. In addition, the K5 also comes with Blind Spot Collision Avoidance and Intelligent Speed Limit Warning.

GT/GT LINE

Choose the Ceed that makes
your heart beat faster.
