We explore cities and winding country roads.  
Corners hugged and throttles revved.  
Windows down, radio loud, no particular place to go.  
Always forward, defying the wind.  
I am the embodiment of Jinba Ittai.  
You, the heart behind the wheel.  
We were always meant to connect,  
like a horse and rider,  
car and driver as one.  
Together, we are stronger.  
We have a bond that words alone cannot describe.  
We never drive alone.  
  
We drive together.

## HIROSHIMA SPIRIT

Mazda shares a special history and spirit with Hiroshima, Japan. As the birthplace of Mazda, Hiroshima constantly inspires us to rise above any challenge, pushing us to achieve more than anyone could have imagined. We have built a global company from the ground up. We have developed innovations that others deemed impossible, from the rotary engine to Skyactiv Technology and beyond. Most of all, we have never strayed from our belief in the power of human potential. Giving all of ourselves, using our hands to craft and create things that matter, that have soul, that transfer our energy to you. To heighten your state of being.

The spirit and commitment of the craftsmen is reflected in the Japanese Kodoki bowl's sublime beauty. Its aesthetic appeal comes through the thousands of facets, each a fingerprint of the craftsmen's energy.

## KODO: SOUL OF MOTION

Our design philosophy is simple, yet highly challenging to accomplish: Capture energy in motion, even at a standstill. With curves and angles so striking, they command your attention through a mere glance. Exciting you by the anticipation of what's to come. Eliciting this kind of instant emotional response requires a human touch. Created for humans by humans. Hands on clay, shaping form with warmth and precision. Eliminating all that is unnecessary, leaving only what is beautiful. Transferring the energy of the maker into every nuance. We call this Kodo: "Soul of Motion" design. A dynamic sense of motion that urges you to get behind the wheel and experience the unique energy that can only come from a Mazda.

Kodo Design is our philosophy of breathing life and personality into our cars. It starts by clay modelers who use their skills and emotions to shape and transform ideas into life sized models that have a soul and shape that moves people's hearts.

## MAZDA CX-5

Experience the Mazda CX-5. A new dimension of driving pleasure. Engineered and crafted with upmost care to the tiniest detail, the Mazda CX-5 makes an impression both visually and from a driver's perspective. The bold exterior shape creates a sense of vitality, elevating motion into an art form. Every sculpted form reflects the light in such a way that fascinates and teases the driver to get inside and discover its luxurious and human-centric interior design.

Every detail is designed by the precision of human hands, crafted with you in mind. Through the designer's purely emotional approach, a relationship of complete oneness is felt with the Mazda CX-5, giving way to an effortless and engaging driving experience.

## MAZDA TAKUMI: SUPERIOR CRAFTSMANSHIP

These are the artisans and craftsmen who sharpen their skills for years, even decades, to achieve mastery. Their passion, patience and dedication to their craft is poured into every Mazda through the human touch. An emotional impression is made that no computer or equation can produce. Every detail inside the Mazda CX-5 is a testament to the Takumi's proficiency. This transference of energy creates an environment that inspires and a feeling that lasts even after your drive is over. From designer to driver, this connection ultimately creates an enriching, emotional bond between you and your Mazda.

## CONNECTING CAR AND DRIVER

Every Mazda aspires to the same single goal—oneness between the vehicle and its driver. When you experience this seamless connection, your senses become heightened. You engage with the moment and leave all distractions behind. You feel energized. Rejuvenated. Better than when you first stepped in the car—a feeling that lasts long after the drive. From the meticulous consideration of our design to how our cars effortlessly respond to even your slightest direction, each detail in every Mazda offers you a pure driving experience.

## EFFORTLESS CONNECTIVITY

Eliminating distractions is a key consideration in our approach to design. While keeping you focused on the road, the Mazda CX-5 provides a suite of intuitive interactivity features. Every element is situated within reach to minimise interference. A completely synchronised environment is ensured by the effortless control of the 8" Large Centre Display and the intuitive Multi Media Commander. To add to your comfort, the Active Driving Display (available from GT Sport Grade) enhances safety by projecting navigation system (optional) route guidance and vehicle status, giving you a strong feeling of control. And the updated key fob offers easy and secure access to your vehicle at any time.

CONNECTED DRIVE.  
CONNECTED WORLD.

Keeping you connected to your world while keeping your eyes focused on the road. The Mazda CX-5 infotainment system allows you to use a compatible mobile device through Mazda Connect, to access thousands of internet radio stations from around the world. You can safely check and reply to text messages and enjoy streaming your choice of music, via Bluetooth® connection.

## RESPONSIVE. AND RESPONSIBLE.

Only a company this obsessed with creating the ideal driving experience could engineer Skyactiv Technology. From the chassis to the transmission to the engine and beyond, we've designed every single aspect of our cars to be responsive and efficient anywhere you drive it. Combining outstanding environmental and safety performance without sacrificing the joy of driving. Rejuvenating your spirit, connecting you seamlessly with your vehicle and the road for a more extraordinary drive.

With the available suite of safety features, sophisticated safety innovations alert you to hazards to help you avoid collisions or lessen their impact and they work together to improve your visibility and awareness of the road at all times. ## SIGNATURE SOUND

Music is referred to as the art of the cosmos. A captivating experience for your most divine sense: hearing. The desire by the acoustic engineers at Mazda is to reproduce sound that is as realistic to a live performance as possible. Only by thoroughly measuring spatial effects, vibrations, delays and reflections of sound, were we able to recreate the feeling of a concert hall within the cabin of the Mazda CX-5. Together with Bose® (standard from GT Sport Grade), we're setting the stage for an energizing aural experience that is worlds away from anything you've heard before.

Built to achieve a "spirit of comfort," Hakuju Hall is an intimate concert space in Tokyo, Japan where the audience can truly experience the music and every intonation. Designed to incorporate a "health" aspect, this unique venue provides unrivaled acoustics from any seat in the house.

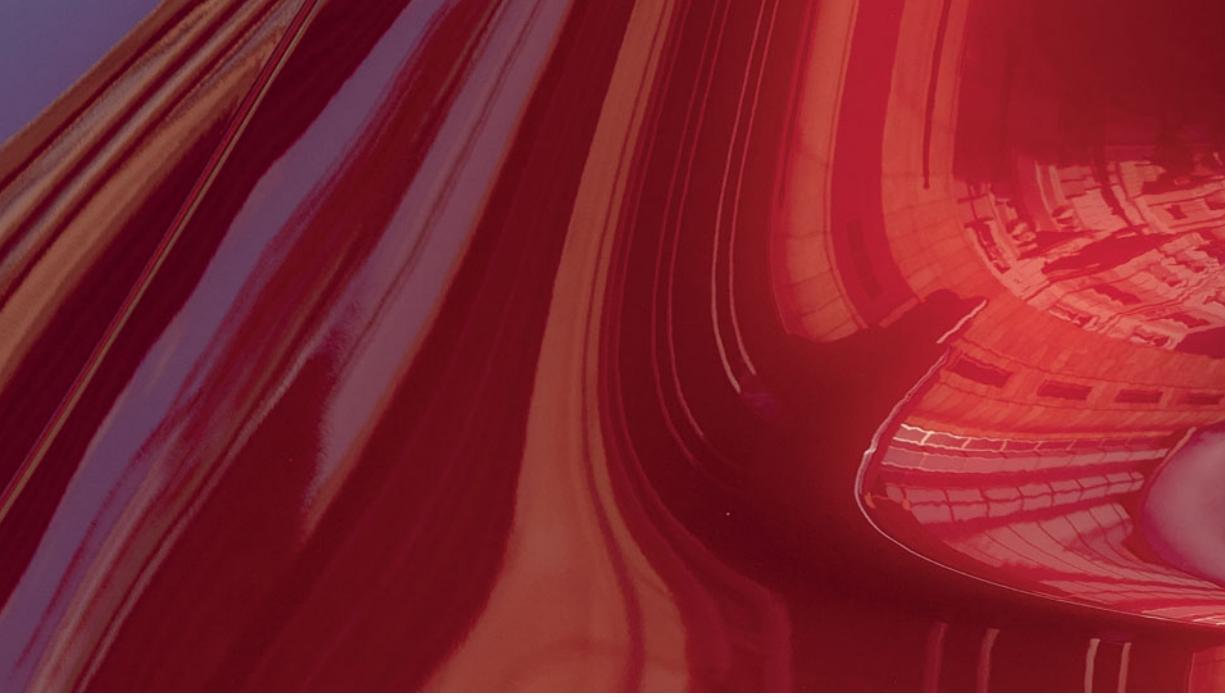

## THE ART OF SEDUCTION

The colour on the Mazda CX-5 is one of the first things that will catch your attention. Its delicate beauty and strong character are endorsed by the craft of Takumi-Nuri, Mazda's high-quality painting technology, which makes the Kodo design come alive and amplifies the beauty of every line. Takumi-Nuri balances depth and glossiness to give the impression of a hand-painted concept car. It enables the exceptional vividness and depth achieved in the signature Soul Red Crystal and Machine Grey premium colours.
