

ASTRA SALOON

2018 Models Edition 2

AN ELEGANT STYLE

Viewed from any angle the Astra Saloon epitomises class, style and grace. With a truly involving chassis and advanced engine technology, Astra Saloon makes every journey that much easier. What's more, there's even innovative technology on offer like the intelligent Adaptive Forward Lighting system* and an ergonomically designed driver's seat* – that has won the coveted AGR seal of approval**.

*Optional at extra cost.

**Aktion Gesunder Rücken e.V (AGR) is an independent panel of ergonomics experts and doctors based in Germany.

Navi 950 satellite navigation system, 17-inch alloy wheels and two-coat metallic paint are optional at extra cost.

LOOKING GOOD. INSIDE AND OUT

The ethos of the Astra Saloon design continues inside. Driver and passengers alike are treated to a spacious, ergonomically-designed cabin with superior comfort and quality in mind. And there's 460 litres of usable loadspace too, extendable to 1010 litres via a 60:40 split folding rear seat. Naturally, equipment levels are generous together with optional OnStar and satellite navigation to keep you both connected and entertained while on the move.

▶ ENGINES AND TRANSMISSIONS

For Astra saloon drivers, the choice of engines is one of the attractions of the line-up. Astra saloon drivers can choose from a powerful yet highly efficient turbocharged petrol engine and two hugely responsive turbo diesels.

Opel's proven fuel saving and emissions reducing Start/Stop technology is standard on both the petrol and diesel engines. This innovative system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed. A wide range of in-built safety checks ensures total peace-of-mind in all circumstances.

For complete engine, fuel economy and emission data please refer to the Astra Saloon Price and Specification Guide available to download from www.opel.ie
