DRIVER ASSISTANCE SYSTEMS

When you're turning into a tricky parking spot, City Mode is a handy feature that lightens the KARL's steering to make everything a breeze. You can also park faster in those tight spaces with the help of optional rear parking distance sensors, a feature only available in a handful of cars in this class.

Parking on a slope is effortless in the KARL with hill start assist to help you pull away smoothly without any roll back. And, with cruise control as standard on all models, you can safely negotiate speed restrictions whenever and wherever they crop up. Problems solved.

- // City mode gives your steering extra power for easier parking and tight city centre manoeuvres
- // Optional rear parking distance sensors help you park confidently with sensors to warn of objects behind
- // Hill start assist helps you pull away on a hill smoothly without rolling back downhill

CONNECTED

In a connected world, so much is possible – and OnStar is making sure you are fully equipped.

- **Wi-Fi Hotspot^{1,2}**: a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.
- **Remote Control^{1,3}**: if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **myOpel Smartphone App**.
- **Car Locator^{1,3}**: forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlamps or honk the horn to see where you've parked.

4 OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 5 OnStar will direct a professional breakdown recovery team to your location. If your car is within the Opel New Vehicle Roadside Assistance coverage period, OnStar will connect with the Opel Roadside Assistance service, who will send help free of charge, subject to the Opel Roadside Assistance terms and conditions. If your vehicle is outside the coverage of the Opel New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. 6 An OnStar advisor can help you to book a hotel room using Booking.com, subject to the Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you to make a booking and is not responsible for the services provided by Booking.com or the applicable hotel. E-mail address and credit card required. 7 Only available for car parks listed in Parkopedia.com. Availability applies only to the moment of contact with OnStar.

SOS SAFE

Better safe than sorry! OnStar's specially trained advisors are there for you anytime and anywhere.

- **Automatic Crash Response^{1,4}**: in case of a crash, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with passenger and key car information and can send them your exact location.
- **24-Hour Emergency Call Service¹**: you, a passenger or a passer-by are not feeling well? Push the red SOS Button and our advisors make sure to call for help right away.
- **Roadside Assistance^{1,5}**: if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send **Roadside Assistance** to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.
- **Stolen Vehicle Assistance¹**: in case your car gets stolen, OnStar blocks the ignition so the car can't be restarted again and provides the police with GPS data to help retrieve your car safely.

CARED FOR

Who wouldn't want a personal assistant? At the touch of a button, you will be connected to an advisor who is at your service 24/7/365.

- **Hotel Booking^{1,6}**: plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.
- **Destination Download^{1,3}**: no more address typing! Our advisors assist you in finding an alternative route, a restaurant or a petrol station. They will remotely download the address onto your in-built navigation system, too.
- **Parking Service^{1,7}**: never search for a parking space again! Via Parkopedia.com, OnStar finds and leads you to the next vacant parking spot. This way, you already know availability and parking fees before you get there.
