ALL-NEW PEUGEOT 2008 SUV 100% ELECTRIC WITHOUT COMPROMISE

LIVE THE POWER OF CHOICE

The all-new PEUGEOT 2008 SUV is not only available with a choice of petrol or diesel powertrains but is also available as an 100% electric vehicle.

The all-new PEUGEOT e-2008 SUV features the following key elements:

TECHNICAL

Electric 50 kWh 136hp motor

The all-new PEUGEOT e-2008 SUV offers a lively and stimulating drive thanks to its 100% electric powertrain. You benefit from immediate reactivity with 260Nm of torque from 0kph. The silent engine offers a serene* drive without vibration.

e-CMP platform

The new e-CMP platform has been developed to incorporate a high voltage battery whilst preserving space on board and boot volume. Particular attention was given to weight reduction and balance to make sure the driving experience in the all-new PEUGEOT 2008 SUV is as rewarding as possible.

Range 310km WLTP

Charging flexibility with 3 modes available:

Domestic (AC): 10A /3kW from a regular socket, full charge in 24 hours (accessory cable needed).

Fast (AC) 32A / 7kW from a Wall Box, full charge in 7.5 hours.

Rapid (DC) 100kW from a dedicated public terminal, 80% charged in 30 minutes.

USAGE

3 driving modes

In the all-new PEUGEOT e-2008 SUV you will be able to chose between 3 driving modes:

- Sport: priority given to performance (0-100kph in 8.1s)
- Normal: daily usage
- Eco: priority given to range

2 braking modes

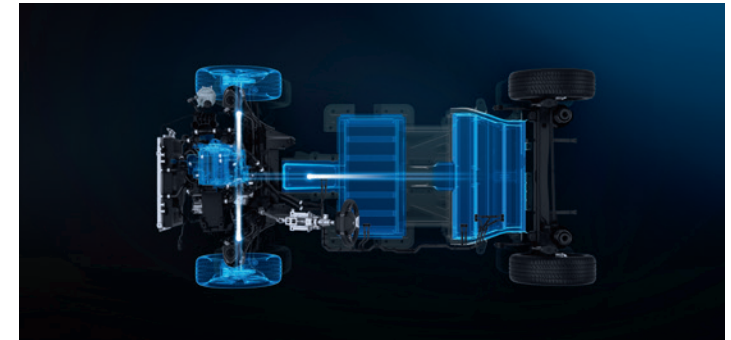

The all-new PEUGEOT e-2008 SUV also benefits from 2 braking modes that helps you make the best of your range:

- Moderate: sensation similar to an ICE engine
- Emphasised: deceleration controlled with accelerator pedal

Specific animations

The all-new PEUGEOT e-2008 SUV features specific technological animations and menus on the touch-screen so that you can access easily all the information needed.

*Take care when driving as other road users may not be accustomed to electric vehicles. All-new PEUGEOT e-2008 SUV is fitted with an acoustic vehicle alerting system.

MYPEUGEOT® APPLICATION

- **Charge management:** Control, plan, launch and check the vehicle's charge remotely
- **Climate preset:** Remotely plan and control the heating or air conditioning in the interior of your car
- **e-Coaching:** Consumption logs and statistics

EXTERIOR STYLING

The all-new PEUGEOT e-2008 SUV comes with distinctive and exclusive touches, a body coloured chequered front grille with gloss black edge trim.

The Lion logo featuring a specific dichroic treatment which changes colour from different angles depending on the exterior lighting.

An 'e' monogram on the front side panel and tailgate.

E&OE FEBRUARY 2020. FOR FURTHER INFORMATION TALK TO YOUR LOCAL PEUGEOT DEALER OR SEE WWW.PEUGEOT.IE.

The information contained in this specification sheet, is based on the data and images available at the time of publication. Some photography may feature left hand drive models. All images shown are for illustration purposes only. Photographic processes used may alter the depth and tone of the colours shown. As part of a policy on continuous specification improvement, Peugeot reserves the right to modify colours, trims, engine range, options and standard equipment at any time. This specification sheet is not a contractual document or offer of sale.

The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO2 emissions and are correct at the time of print. WLTP replaces the previous NEDC test method. The included values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO2 emissions produced. You can discover more about the WLTP at peugeot.ie/brand-and-technology/wltp
