- Puncture repair kit

In-Car Entertainment

- 3D Navigation
- Voice recognition (radio, navigation and telephony features)

* New Peugeot 308 GTi images shown with Optional Coupe Franche paint finish

GTi - ENGINEERED BY PEUGEOT SPORT

Founded in 1981 by Jean Todt, PEUGEOT Sport has competed in the world's greatest and most demanding events and championships. With victories at the iconic Le Mans 24 Hours, Pikes Peak International Hill Climb and Dakar Rally, WRC and International Rallies, PEUGEOT Sport has drawn on their expertise to design radical sports cars for the road for many years. PEUGEOT 308 GTi by PEUGEOT Sport is their latest creation, proudly carrying the name of the experts who developed it.

1.6L THP Turbocharged Engine

Available with 270hp, 308 GTi is powered by the most powerful production engine of its size. This hugely capable engine has been meticulously developed by PEUGEOT Sport engineers; highlights include the fitment of Mahle lightweight race pistons, increased injection pressure and a Borgwarner twin scroll turbo charger. This expertise results in a car that can go from 0-100kph in 6.0 seconds, boasting one of the strongest power: weight ratios in its class.

Braking Technology

For powerful braking, the ventilated front brake discs have a diameter of 380mm. Mounted on aluminium hubs, they are pinched by four pistons (38mm and 41mm in diameter) in a vibrant red fixed caliper at the front with the PEUGEOT Sport signature. The rear discs have a diameter of 268mm. Together; these components deliver endurance and remarkably consistent performance in the most demanding circumstances.

Torsen® Limited-Slip Differential

Exclusive to PEUGEOT 308 GTi 270 by PEUGEOT Sport is an accomplished Torsen® limited-slip differential, incorporated into the transmission to improve cornering traction. By channelling the torque to the wheel with the most grip, it allows the car to accelerate faster as it exits bends than would normally be the case.

Driver Sport Pack

The Driver Sport Pack increases responsiveness of the engine and gearbox to the accelerator pedal, changes instrument panel colour to red (from white), displays vehicle dynamic parameters - acceleration, power delivery, turbo and amplifies engine sound in the cabin.

Coupe Franche Paint Option*

Exclusive to PEUGEOT 308 GTi 270 by PEUGEOT Sport this unique paint option combines either Ultimate Red or Magentic Blue with Nera Black metallic paint. This hand finished option is a visual marker reserved for the PEUGEOT models with the greatest performance.

E&OE NOVEMBER 2019. FOR FURTHER INFORMATION TALK TO YOUR LOCAL PEUGEOT DEALER OR SEE WWW.PEUGEOT.IE.

The information contained in this specification sheet, is based on the data and images available at the time of publication. Some photography may feature left hand drive models. All images shown are for illustration purposes only. Photographic processes used may alter the depth and tone of the colours shown. As part of a policy on continuous specification improvement, Peugeot reserves the right to modify colours, trims, engine range, options and standard equipment at any time. This specification sheet is not a contractual document or offer of sale. The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO2 emissions and are correct at the time of print. WLTP replaces the previous NEDC test method. The included values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO2 emissions produced. You can discover more about the WLTP at peugeot.ie/brand-and-technology/wltp
